

Cornelia Faldo

Belek, Turkey

Par 72, 6430 metres

Cornelia Golf is the newest course to the belek area. This Nick Faldo designed course is a welcome addition and will provide more of a challenge than some of the other courses in the area. Built through a vast sand dune ridge, the majestic layout weaves its way through umbrella pines, making this course a delight to play.

Throughout the course, you will encounter plenty of small hills and dog legs. this, coupled with a number of beautiful lakes, add difficulty to the design. Elevated tees offer some great views, but don't get too distracted by the scenery, as ever, precision is called for to ensure keeping the ball on the narrow fairways!

the 7th and 8th holes are excellent par 4s, with an abundance of water and the possibility of taking on the green with a big drive if you want to take the risk!

- **Par:** 72
