

Las Madrigueras Hotel (Tenerife, Canaries) ★★★★★

Las Madrigueras Hotel

Tenerife, Canaries

Located on the Las Americas golf course, this colonial style 5 star hotel offers panoramic views over the course and the island of La Gomera and prides itself on its individual service and preferential treatment.

With its glorious dark wood furniture and sumptuous soft furnishings, the Hotel Las Madrigueras exudes five star luxury. By the pool, the comfortable sun-beds and beautiful swimming pool will tempt you to spend time relaxing during your golf free moments. With the pool bar at hand, you may even feel tempted to stay there longer than you should! The SPA facilities are worth trying out too, especially after a day on the golf course.

The hotel's main restaurant offers a superb a la carte service for breakfast and evening, and you can enjoy a fine light lunch at the Terrace Restaurant. The piano bar is the place to go for cocktails at the start of the evening and Las Americas and Los Cristianos are both only a short distance away for an enjoyable evening out at one of their many bars and restaurants.

For golfers, this hotel has the great benefit of not only overlooking the course (great for watching other golfers!) but also of preferential green fees and guaranteed tee-offs. You will also be allocated a buggy for your own use while you are staying at the hotel, so that you can go straight to the first tee and avoid any queuing! And don't forget to take advantage of the hotel's own complimentary cleaning service for golf shoes and clubs.
